As the Commission begins its work, I invite you to contribute your views and recommendations throughout this process. In particular:

In addition, in order for the Commission to fully analyze vulnerabilities and issues related to voter registration and voting, I am requesting that you provide to the Commission the publicly-available voter roll data for Alabama, including, if publicly available under the laws of your state, the full first and last names of all registrants, middle names or initials if available, addresses, dates of birth, political party (if recorded in your state), last four digits of social

security number if available, voter history (elections voted in) from 2006 onward, active/inactive status, cancelled status, information regarding any felony convictions, information regarding voter registration in another state, information regarding military status, and overseas citizen information.

You may submit your responses electronically to ElectionIntegrityStaff@ovp.eop.gov or by utilizing the Safe Access File Exchange (“SAFE”), which is a secure FTP site the federal government uses for transferring large data files.
