BILLING CODE 7590-01-P

NUCLEAR REGULATORY COMMISSION

Draft Regulatory Guides; Issuance, Availability

The Nuclear Regulatory Commission has issued for public comment drafts of two new guides in its Regulatory Guide Series. This series has been developed to describe and make available to the public such information as methods acceptable to the NRC staff for implementing specific parts of the NRC's regulations, techniques used by the staff in evaluating specific problems or postulated accidents, and data needed by the staff in its review of applications for permits and licenses.

Draft Regulatory Guide DG-1102, "Design, Inspection, and Testing Criteria for Air Filtration and Adsorption Units of Post-Accident Engineered-Safety-Feature Atmosphere Cleanup Systems in Light-Water-Cooled Nuclear Power Plants," as a proposed Revision 3 to Regulatory Guide 1.52, is being developed to describe methods acceptable to the NRC staff for complying with the NRC's regulations with regard to the design, inspection, and testing criteria for air filtration and iodine adsorption units of engineered-safety-feature atmosphere cleanup systems in light-water-cooled nuclear power plants. This guide applies only to post-accident atmosphere cleanup systems that are designed to mitigate the consequences of postulated accidents.

Draft Regulatory Guide DG-1103, "Design, Inspection, and Testing Criteria for Air Filtration and Adsorption Units of Normal Ventilation Exhaust Systems in Light-Water-Cooled Nuclear Power Plants," as a proposed Revision 2 to Regulatory Guide 1.140, is being developed to present methods acceptable to the NRC staff for meeting the NRC's regulations with regard to the criteria for air filtration and adsorption units installed in the normal ventilation exhaust systems of light-water-cooled nuclear power plants.

These draft guides have not received complete staff approval and do not represent an official NRC staff position.

Comments may be accompanied by relevant information or supporting data. Written comments may be submitted to the Rules and Directives Branch, Office of Administration, U.S. Nuclear Regulatory Commission, Washington, DC 20555. Copies of comments received may be examined at the NRC Public Document Room, 11555 Rockville Pike, Rockville, MD. Comments will be most helpful if received by December 29, 2000.

You may also provide comments via the NRC's interactive rulemaking website through the NRC home page (<http://www.nrc.gov>). This site provides the availability to upload comments as files (any format), if your web browser supports that function. For information about the interactive rulemaking website, contact Ms. Carol Gallagher, (301) 415-5905; e-mail CAG@NRC.GOV. Electronic copies of these draft guides, under Accession Numbers ML003714744 for DG-8026 and ML003714764 for DG-8027, are available in NRC's Public Electronic Reading Room, which can also be accessed through NRC's web site, WWW.NRC.GOV. For information about the draft guides, contact Mr. J. Segala at (301) 415-1858; e-mail JPS1@NRC.GOV.

Although a time limit is given for comments on these draft guides, comments and suggestions in connection with items for inclusion in guides currently being developed or improvements in all published guides are encouraged at any time.

Regulatory guides are available for inspection at the Commission's Public Document Room, 11555 Rockville Pike, Rockville, MD. Requests for single copies of draft or final guides (which may be reproduced) or for placement on an automatic distribution list for single copies of future draft guides in specific divisions should be made in writing to the U.S. Nuclear Regulatory Commission, Washington, DC 20555, Attention: Reproduction and Distribution Services Section; or by fax to (301) 415-2289, or by email to DISTRIBUTION@NRC.GOV. Telephone requests cannot be accommodated. Regulatory guides are not copyrighted, and Commission approval is not required to reproduce them.

(5 U.S.C. 552(a)).

Dated at Rockville, Maryland, this 19th day of October 2000.

For the Nuclear Regulatory Commission.

Clare V. Kasputys,

*Deputy Director, Program Management,
Policy Development & Analysis Staff, Office
of Nuclear Regulatory Research.*

BILLING CODE 7590-01-P

OFFICE OF MANAGEMENT AND BUDGET

Cost of Hospital and Medical Care Treatment Furnished by the United States; Certain Rates Regarding Recovery From Tortiously Liable Third Persons

By virtue of the authority vested in the President by Section 2(a) of Public Law 87-693 (76 Stat. 593; 42 U.S.C. 2652), and delegated to the Director of the Office of Management and Budget by Executive Order No. 11541 of July 1, 1970 (35 FR 10737), the three sets of rates outlined below are hereby established. These rates are for use in connection with the recovery, from tortiously liable third persons, of the cost of hospital and medical care and treatment furnished by the United States (Part 43, Chapter I, Title 28, Code of Federal Regulations) through three separate Federal agencies. The rates have been established in accordance with the requirements of OMB Circular A-25, requiring reimbursement of the full cost of all services provided. The rates are established as follows:

1. Department of Defense

The FY 2001 Department of Defense (DoD) reimbursement rates for inpatient, outpatient, and other services are provided in accordance with Title 10, United States Code, section 1095. Due to size, the sections containing the Drug Reimbursement Rates (section IV.C.) and the rates for Ancillary Services Requested by Outside Providers (section IV.D.) are not included in this package. Those rates are available from the TRICARE Management Activity's Uniform Business Office website, http://www.tricare.osd.mil/ebc/rm/rm_home.html. The medical and dental service rates in this package (including the rates for ancillary services and other procedures requested by outside providers) are effective October 1, 2000. Pharmacy rates are updated on an as needed basis.

2. Health and Human Services

The FY 2001 tortiously liable rates for Indian Health Service health facilities are based on Medicare cost reports. The obligations for the Indian Health Service hospitals participating in the cost report

project were identified and combined with applicable obligations for area offices costs and headquarters costs. The hospital obligations were summarized for each major cost center providing medical services and distributed between inpatient and outpatient. Total inpatient costs and outpatient costs were then divided by the relevant workload statistic (inpatient day, outpatient visit) to produce the inpatient and outpatient rates. In calculation of the rates, the Department's unfunded retirement liability cost and capital and equipment depreciation costs were incorporated to

conform to requirements set forth in OMB Circular A-25.

In addition, the obligations for each cost center include obligations from certain other accounts, such as Medicare and Medicaid collections and the Contract Health fund, that were used to support the inpatient and outpatient workload. Obligations were excluded for certain cost centers that primarily support workloads outside of the directly operated hospitals or clinics (public health nursing, public health nutrition, health education). These obligations are not a part of the traditional cost of hospital operations

and do not contribute directly to the inpatient and outpatient visit workload.

Separate rates per inpatient day and outpatient visit were computed for Alaska and the rest of the United States. This gives proper weight to the higher cost of operating medical facilities in Alaska.

1. Department of Defense

For the Department of Defense, effective October 1, 2000 and thereafter:

Inpatient, Outpatient and Other Rates and Charges

1. Inpatient Rates₁₂

Per inpatient day	International Military Education and Training (IMET)	Interagency and other Federal agency sponsored patients	Other (full/third party)
A. Burn Center	\$4,144.00	\$5,694.00	\$6,016.00
B. Surgical Care Services (Cosmetic Surgery)	1,895.00	2,604.00	2,752.00
C. All Other Inpatient Services (Based on Diagnosis Related Groups (DRG) ³ .			

Average FY01 Direct Care Inpatient Reimbursement Rates

Adjusted standard amount	IMET	Interagency	Other (full/third party)
Large Urban	\$2,986.00	\$5,712.00	\$6,002.00
Other Urban/Rural	3,468.00	6,633.00	7,004.00
Overseas	3,872.00	9,045.00	9,489.00

2. Overview

The FY01 inpatient rates are based on the cost per DRG, which is the inpatient full reimbursement rate per hospital discharge weighted to reflect the intensity of the principal diagnosis, secondary diagnoses, procedures, patient age, etc. involved. The average cost per Relative Weighted Product (RWP) for large urban, other urban/rural, and overseas facilities will be published annually as an inpatient adjusted standardized amount (ASA) (see paragraph I.C.1., above). The ASA will be applied to the RWP for each inpatient case, determined from the DRG weights, outlier thresholds, and payment rules published annually for hospital reimbursement rates under the Civilian Health and Medical Program of the Uniformed Services (CHAMPUS) pursuant to 32 CFR 199.14(a)(1), including adjustments for length of stay (LOS) outliers. Each large urban or other urban/rural MTF providing inpatient

care has their own ASA rate—The MTF-specific ASA rate is the published ASA rate adjusted for area wage differences and indirect medical education (IME) for the discharging hospital (see Attachment 1). The MTF-specific ASA rate submitted on the claim is the rate that payers will use for reimbursement purposes. For a more complete description of the development of MTF-ASAs and how they are applied refer to the ASA Primer at <http://www.tricare.osd.mil/org/pae/asa-primer/asa-primer1.html>.

Overseas MTFs use the rates specified in paragraph I. C. 1. For providers performing inpatient care at a civilian facility for a DoD beneficiary, see note 3. An example of how to apply DoD costs to a DRG standardized weight to arrive at DoD costs is contained in paragraph I.C.3., below.

3. Example of Adjusted Standardized Amounts for Inpatient Stays

Figure 1 shows examples for a non-teaching hospital (Reynolds Army Community Hospital) in an Other Urban/Rural area.

a. The cost to be recovered is the military treatment facility's cost for medical services provided. Billings will be at the third party rate.

b. DRG 020: Nervous System Infection Except Viral Meningitis. The RWP for an inlier case is the CHAMPUS weight of 2.2244. (DRG statistics shown are from FY 1999.)

c. The MTF-applied ASA rate is \$6,831 (Reynolds Army Community Hospital's third party rate as shown in Attachment 1).

d. The MTF cost to be recovered is the RWP factor (2.2244) in subparagraph 3.b., above, multiplied by the amount (\$6,831) in subparagraph 3.c., above.

e. Cost to be recovered is \$15,195.

FIGURE 1.—THIRD PARTY BILLING EXAMPLES

DRG number	DRG description	DRG weight	Arithmetic mean LOS	Geometric mean LOS	Short stay threshold	Long stay threshold
020	Nervous System Infection Except Viral Meningitis.	2.2244	8.3	5.8	1	29

Hospital	Location	Area wage rate index	IME adjustment	Group ASA	MTF-applied ASA
Reynolds Army Community Hospital	Other urban/rural	.9156	1.0	\$7,004	\$6,831

Patient	Length of stay (days)	Days above threshold	Relative weighted product			TPC Amount***
			Inlier*	Outlier**	Total	
#1	7	0	2.2244	000	2.2244	\$15,195
#2	21	0	2.2244	000	2.2244	\$15,195
#3	35	6	2.2244	.7594	2.9838	\$20,382

* DRG Weight
 ** Outlier calculation = 33 percent of per diem weight × number of outlier days
 = .33 (DRG Weight/Geometric Mean LOS) × (Patient LOS—Long Stay Threshold)
 = .33 (2.2244/5.8) × (35–29)
 = .33 (.38352) × 6 (take out to five decimal places)
 = .12656 × 6 (carry to five decimal places)
 = .7594 (carry to four decimal places)
 *** MTF-Applied ASA × Total RWP

	76.67	21209		
Abdominoplasty	86.83	15831	Inpatient Surgical Care Per Diem or APV or applicable Out-patient Clinic Rate	(a) (b) (c)
Lipectomy	86.83	15876	Inpatient Surgical Care Per Diem or APV or applicable Out-patient Clinic Rate	(a) (b) (c)
Suction per region 10		15877 15878 15879		
Rhinoplasty	21.87	30400	Inpatient Surgical Care Per Diem or APV or applicable Out-patient Clinic Rate	(a) (b) (c)
	21.86	30410		

V. ELECTIVE COSMETIC SURGERY PROCEDURES AND RATES—Continued

Cosmetic surgery procedure	International classification diseases (ICD-9)	Current procedural terminology (CPT) ^a	FY 2001 Charge ^a	Amount of charge
Scar Revisions beyond CHAMPUS	86.84	1578__	Inpatient Surgical Care Per Diem or APV or applicable Out- patient Clinic Rate	(a) (b) (c)
Mandibular or Maxillary Repositioning	76.41	21194	Inpatient Surgical Care Per Diem or APV or applicable Out- patient Clinic Rate	(a) (b) (c)
Dermabrasion	86.25	15780	Inpatient Surgical Care Per Diem or APV or applicable Out- patient Clinic Rate	(a) (b) (c)
Hair Restoration	86.64	15775	Inpatient Surgical Care Per Diem or APV or applicable Out- patient Clinic Rate	(a) (b) (c)
Removing Tattoos	86.25	15780	Inpatient Surgical Care Per Diem or APV or applicable Out- patient Clinic Rate	(a) (b) (c)
Chemical Peel	86.24	15790	Inpatient Surgical Care Per Diem or APV or applicable Out- patient Clinic Rate	(a) (b) (c)
Arm/Thigh: Dermolipectomy	86.83	15836/	Inpatient Surgical Care Per Diem or APV APV or applicable Outpatient Clinic Rate	(a) (b) (b) (c) (c)
Refractive surgery		15832		
Radial Keratotomy		65771		
Other Procedure (if applies to laser or other refractive surgery)		66999		
Otoplasty		69300	APV or applicable Out- patient Clinic Rate	(b) (c)
Brow Lift	86.3	15839	Inpatient Surgical Care Per Diem or APV or applicable Out- patient Clinic Rate	(a) (b) (c)

Notes on Cosmetic Surgery Charges

^aPer diem charges for inpatient surgical care services are listed in section I.B. (See notes 8 through 10, below, for further details on reimbursable rates.)

^bCharges for ambulatory procedure visits (formerly same day surgery) are listed in section III. (See notes 8 through 10, below, for further details on reimbursable rates.) The ambulatory procedure visit (APV) rate is used if the elective cosmetic surgery is performed in an ambulatory procedure unit (APU).

^cCharges for outpatient clinic visits are listed in sections II.A–K. The outpatient clinic rate is not used for services provided in an APU. The APV rate should be used in these cases.

^dCharge is solely determined by the location of where the care is provided and is not to be based on any other criteria. An APV rate can only be billed if the location has been established as an APU following all required DoD guidelines and instructions.

^eRefer to HA Policy on Vision Correction Via Laser Surgery For Non-Active Duty Beneficiaries, April 7, 2000 for further guidance on billing for these services. It can

be downloaded from <http://www.tricare.osd.mil/policy/2000poli.htm>.

Notes on Reimbursable Rates

¹Percentages can be applied when preparing bills for both inpatient and outpatient services. Pursuant to the provisions of 10 U.S.C. 1095, the inpatient Diagnosis Related Groups and inpatient per diem percentages are 98 percent hospital and 2 percent professional charges. The outpatient per visit percentages are 89 percent outpatient services and 11 percent professional charges.

²DoD civilian employees located in overseas areas shall be rendered a bill when services are performed.

³The cost per Diagnosis Related Group (DRG) is based on the inpatient full reimbursement rate per hospital discharge, weighted to reflect the intensity of the principal and secondary diagnoses, surgical procedures, and patient demographics involved. The adjusted standardized amounts (ASA) per Relative Weighted Product (RWP) for use in the direct care system is comparable to procedures used by the Health Care Financing Administration (HCFA) and

the Civilian Health and Medical Program for the Uniformed Services (CHAMPUS). These expenses include all direct care expenses associated with direct patient care. The average cost per RWP for large urban, other urban/rural, and overseas will be published annually as an adjusted standardized amount (ASA) and will include the cost of inpatient professional services. The DRG rates will apply to reimbursement from all sources, not just third party payers.

MTFs without inpatient services, whose providers are performing inpatient care in a civilian facility for a DoD beneficiary, can bill payers the percentage of the charge that represents professional services as provided in ¹ above. The ASA rate used in these cases, based on the absence of a ASA rate for the facility, will be based on the average ASA rate for the type of metropolitan statistical area the MTF resides, large urban, other urban/rural, or overseas. (see paragraph I.C.1.). The Uniform Business Office must receive documentation of care provided in order to produce a bill.

⁴The Medical Expense and Performance Reporting System (MEPRS) code is a three

digit code which defines the summary account and the sub account within a functional category in the DoD medical system. MEPRS codes are used to ensure that consistent expense and operating performance data is reported in the DoD military medical system. An example of the MEPRS hierarchical arrangement follows:

	MEPRS Code
Outpatient Care (Functional Category).	B.
Medical Care (Summary Account).	BA.
Internal Medicine (Subaccount)	BAA.

⁵ Ambulatory procedure visit is defined in DoD Instruction 6025.8, "Ambulatory Procedure Visit (APV)," dated September 23, 1996, as immediate (day of procedure) pre-procedure and immediate post-procedure care requiring an unusual degree of intensity and provided in an ambulatory procedure unit (APU). An APU is a location or organization within an MTF (or freestanding outpatient clinic) that is specially equipped, staffed, and designated for the purpose of providing the intensive level of care associated with APVs. Care is required in the facility for less than 24 hours. All expenses and workload are assigned to the MTF-established APU associated with the referring clinic. The BB and BE APV rates are to be used only by clinics that are subaccounts under these summary accounts (see ⁴ for an explanation of MEPRS hierarchical arrangement). The All Other APV rate is to be used only by those clinics that are not a subaccount under BB or BE. In addition, APV rates may only be utilized for clinics where there is a clinic rate established. For example, BLC, Neuromuscular Screening, no longer has an established rate. Therefore, an APU can not be defined and an APV can not be billed for this clinic.

⁶ Third party payers (such as insurance companies) shall be billed for prescription services when beneficiaries who have medical insurance obtain medications from a Military Treatment Facility (MTF) that are prescribed by providers external to the MTF (e.g., physicians and dentists). Eligible beneficiaries (family members or retirees with medical insurance) are not liable personally for this cost and shall not be billed by the MTF. Medical Services Account (MSA) patients, who are not beneficiaries as defined in 10 U.S.C. 1074 and 1076, are charged at the "Other" rate if they are seen by an outside provider and only come to the MTF for prescription services. The standard cost of medications ordered by an outside provider includes the DoD-wide average cost of the drug, calculated by National Drug Code (NDC) number. The prescription charge is calculated by multiplying the number of units (e.g., tablets or capsules) by the unit cost and adding \$6.00 for the cost of dispensing the prescription. Dispensing costs

include overhead, supplies and labor, etc. to fill the prescription.

The list of drug reimbursement rates is too large to include in this document. Those rates are available from the TRICARE Management Activity's Uniform Business Office website, http://www.tricare.osd.mil/ebc/rm/rm_home.html.

⁷ The list of FY 2001 rates for ancillary services requested by outside providers and obtained at a Military Treatment Facility is too large to include in this document. Those rates are available from the TRICARE Management Activity's Uniform Business Office website, http://www.tricare.osd.mil/ebc/rm/rm_home.html.

Charges for ancillary services requested by an outside provider (e.g., physicians and dentists) are relevant to the Third Party Collection Program. Third party payers (such as insurance companies) shall be billed for ancillary services when beneficiaries who have medical insurance obtain services from the MTF which are prescribed by providers external to the MTF. Laboratory and Radiology procedure costs are calculated by multiplying the DoD established weight for the Physicians' Current Procedural Terminology (CPT 00) code by either the laboratory or radiology multiplier (section IV.D.). Radiology procedures performed by Nuclear Medicine use the same methodology as Radiology for calculating a charge because their workload and expenses are included in the establishment of the Radiology multiplier.

Eligible beneficiaries (family members or retirees with medical insurance) are not personally liable for this cost and shall not be billed by the MTF. MSA patients, who are not beneficiaries as defined by 10 U.S.C. 1074 and 1076, are charged at the "Other" rate if they are seen by an outside provider and only come to the MTF for ancillary services.

⁸ The attending physician is to complete the CPT 00 code to indicate the appropriate procedure followed during cosmetic surgery. The appropriate rate will be applied depending on the treatment modality of the patient: ambulatory procedure visit, outpatient clinic visit or inpatient surgical care services.

⁹ Family members of active duty personnel, retirees and their family members, and survivors shall be charged elective cosmetic surgery rates. Elective cosmetic surgery procedure information is contained in section V. The patient shall be charged the rate as specified in the FY 2001 reimbursable rates for an episode of care. The charges for elective cosmetic surgery are at the full reimbursement rate (designated as the "Other" rate) for inpatient per diem surgical care services in section I.B., ambulatory procedure visits as contained in section III., or the appropriate outpatient clinic rate in sections II.A–K. The patient is responsible for the cost of the implant(s) and the prescribed cosmetic surgery rate. (Note: The implants and procedures used for the augmentation

mammoplasty are in compliance with Federal Drug Administration guidelines.)

¹⁰ Each regional lipectomy shall carry a separate charge. Regions include head and neck, abdomen, flanks, and hips.

¹¹ Dental service rates are based on a dental rate multiplied by the DoD established weight for the American Dental Association (ADA) code performed. For example, for ADA code 00270, bite wing single film, the weight is 0.15. The weight of 0.15 is multiplied by the appropriate rate, IMET, IAR, or Full/Third Party rate to obtain the charge. If the Full/Third Party rate is used, then the charge for this ADA code will be \$17.55 (\$117 × .15 = \$17.55).

The list of FY 2001 ADA codes and weights for dental services is too large to include in this document. Those rates are available from the TRICARE Management Activity's Uniform Business Office website, http://www.tricare.osd.mil/ebc/rm/rm_home.html.

¹² Ambulance charges shall be based on hours of service in 15 minute increments. The rates listed in section IV.F. are for 60 minutes or 1 hour of service. Providers shall calculate the charges based on the number of hours (and/or fractions of an hour) that the ambulance is logged out on a patient run. Fractions of an hour shall be rounded to the next 15 minute increment (e.g., 31 minutes shall be charged as 45 minutes).

¹³ Air in-flight medical care reimbursement charges are determined by the status of the patient (ambulatory or litter) and are per patient during a 24 hour period. The appropriate charges are billed only by the Air Force Global Patient Movement Requirement Center (GPMRC). These charges are only for the cost of providing medical care. Flight charges are billed by GPMRC separately.

¹⁴ Observation Services are billed at the hourly charge. Begin counting when the patient is placed in the observation bed and round to the nearest hour. For example, if a patient has received one hour and 20 minutes of observation, then you bill for one hour of service. If the status of a patient changes to inpatient, the charges for observation services are added to the DRG assigned to the case and not separately billed. If a patient is released from observation status and is sent to an APV, the charges for observation services are not billed separately but are added to the APV rate to recover all expenses.

¹⁵ Final rule 32 CFR part 220, published February 16, 2000, eliminated the dollar threshold for high cost ancillary services and the associated term "high cost ancillary service." The phrase "high cost ancillary service" is replaced with the phrase "ancillary services requested by an outside provider." The elimination of the threshold also eliminated the need to bundle costs whereby a patient is billed if the total cost of ancillary services in a day (defined as 0001 hours to 2400 hours) exceeds \$25.00. The elimination of the threshold is effective as per date stated in final rule 32 CFR Part 220.

2. Department of Health and Human Services

For the Department of Health and Human Services, Indian Health Service, effective October 1, 2000 and thereafter:

Hospital Care Inpatient Day

General Medical Care

Alaska—\$1,837

Rest of the United States—\$1,357

Outpatient Medical Treatment

Outpatient Visit

Alaska—\$337

Rest of the United States—\$189

For the period beginning October 1, 2000, the rates prescribed herein superceded those established by the Director of the Office of Management and Budget, November 1, 1999 (64 FR 58862).

Jacob J. Lew,

Director, Office of Management and Budget.

BILLING CODE 3110–01–P

SECURITIES AND EXCHANGE COMMISSION

Issuer Delisting; Notice of Application To Withdraw From Listing and Registration; (CyberSentry, Inc., Common Stock, \$.001 Par Value) File No. 1–15871

October 25, 2000.

CyberSentry, Inc., a Delaware corporation (“Company”), has filed an

application with the Securities and Exchange Commission (“Commission”), pursuant to section 12(d) of the Securities Exchange Act of 1934 (“Act”) ¹ and Rule 12d2–2(d) thereunder,² to withdraw its Common Stock, \$.001 par value (“Security”), from listing and registration on the American Stock Exchange LLC (“Amex”).

The Amex halted trading in the Security on September 8, 2000, because of concerns about the company’s ability to meet the Amex’s continued listing maintenance requirements. As a result of preliminary discussions held with the Amex, the Company determined to voluntarily withdraw its Security from listing and registration on the Amex and to arrange for its quotation in the unlisted over-the-counter market. As of the date on which the Company filed its application with the Commission, the Company had not effected a new listing or quotation for its Security. The Company has stated in its application that its Board of Directors has authorized the Company to take actions necessary to become quoted in the unlisted over-the-counter market.

The Company has stated in its application that it has complied with the rules of the Amex governing the withdrawal of its Security and that its application relates solely to the withdrawal of the Security from listing and registration on the Amex and shall have no effect upon the Security’s

continued registration under section 12(g) of the Act.³

Any interested person may, on or before November 16, 2000, submit by letter to the Secretary of the Securities and Exchange Commission, 450 Fifth Street, NW., Washington, DC 20549–0609, facts bearing upon whether the application has been made in accordance with the rules of the Amex and what terms, if any, should be imposed by the Commission for the protection of investors. The Commission, based on the information submitted to it, will issue an order granting the application after the date mentioned above, unless the Commission determines to order a hearing on the matter.

For the commission, by the Division of Market Regulation, pursuant to delegated authority.⁴

Jonathan K. Katz,

Secretary.
